

Penguin	
Summary	Penguin – London – Ortronics Cat6 – Outlets 2000
Contact	Dean Moore Coleman Bennett International 19th Floor 30 St Mary Axe EC3A 8AD Tel: 020 7638 2000 
Location	The Strand, London
Contract	£400K
Systems	Ortronics Cat6 & OM3
Period	March 2007 - December 2007
Consultant	CBI
Contractor	Faithdean
Project Description	<p>This project was part of the Penguin Publishing refurbishment at their headquarters in the Strand.</p> <p>The project was spread over three floors and involved the upgrade and installation of a new Ortronics UTP Clarity Category 6 structured cabling system. Where possible, existing equipment and cables was re-used.</p> <p>A feature of the installation was the use of the Ortronics Clarity Jak-Pak 6-way outlet boxes to offer a very neat desk end solution.</p> <p>The project also included installation of the highly popular Mighty Mo 6 open patch frames.</p>
